

## List of govAccess Widgets with Descriptions

WIDGET	DESCRIPTION
<a href="#">Accordion Widget</a>	Displays several vertically-aligned sections with headings that can be expanded and collapsed. When website users click on a given section, they are then able to view the content associated with the respective heading.
<a href="#">Business Directory Box</a>	Limited listing of the business directory—displays limited information but allow users to click through to a linked page displaying full information
<a href="#">Business Directory List</a>	Full listing of the business directory
<a href="#">Calendar Box</a>	“Box” widgets are designed to be placed in sidebars. They only display limited information but allow users to click through to a linked page displaying full information.
<a href="#">Calendar Advanced Grid</a>	Same as Calendar Grid below, but with more detailed information
<a href="#">Calendar Grid</a>	Full page calendar
<a href="#">Calendar List</a>	List of calendar events
<a href="#">Calendar Meeting List</a>	Specialized variation of the Calendar List that includes columns for links to meeting agendas and minutes
<a href="#">Calendar Mini Grid</a>	A small monthly calendar that highlights dates with scheduled events. Typically placed in a narrow column on the side of a page
<a href="#">Calendar Tile</a>	Displays each event as an individual tile with the event Date, Time, Thumbnail, Category, Title, and Introduction. This tile view is a dynamic presentation of Calendar Events in an engaging an intuitive manner that can be viewed on any device.
Content Area	This is the widget used on page templates for general text and information
<a href="#">Content Columns Widget</a>	Gives CMS Users the ability to easily segment and change the appearance of column spaces without setting up tables or change CSS.

WIDGET	DESCRIPTION
<a href="#">Content Filter Widget</a>	This is used in combination with Calendar, Facility, News, & Staff lists. It provides a text search field that allows users to filter the results displayed based on their provided search term
<a href="#">Custom Content</a>	Displays information from pre-configured custom content generally speaking this widget is reserved for use with the homepage
<a href="#">Document Folder</a>	Exposes a specific folder in the document repository to the public making all documents in the folder publicly accessible
<a href="#">Document Folder Box</a>	Exposes a specific folder in the document repository to the public making all documents in the folder publicly accessible in a more polished layout than Document Folder
<a href="#">Document List</a>	Exposes a manually curated list of documents from the document repository to the public
<a href="#">Document List Box</a>	Exposes a manually curated list of documents from the document repository to the public in a more polished layout than Document List
<a href="#">ENotification</a>	Used to allow users to subscribe to email notifications
<a href="#">Facebook Feed</a>	A live feed of Facebook posts
<a href="#">Facility Directory Formatted List</a>	A fancy list of facilities
<a href="#">Facility Directory Multi-Select Categories Map</a>	A map of facilities that allows users to narrow down the facilities shown by category
<a href="#">Facility Directory Standard Map</a>	No category filter option
<a href="#">Facility Directory Table List</a>	Facility directory list in table format
<a href="#">FAQ Box</a>	Limited listing of FAQ items—displays limited information but allow users to click through to a linked page displaying full information
<a href="#">FAQ List</a>	Full list of FAQ items

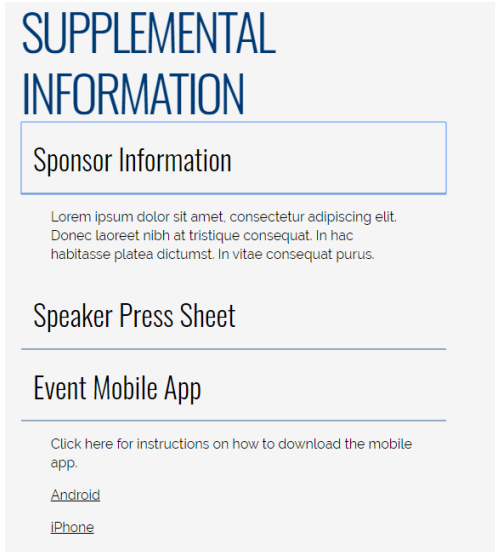

WIDGET	DESCRIPTION
<a href="#">Form Builder Detail</a>	Used to display a specific form on a page
<a href="#">Form Builder List</a>	Full list of forms
<a href="#">Full Width Banner</a>	Enables users to add images that extend the entire width of the page – including the margins.
<a href="#">Image Random</a>	Loads random images from a pre-defined pool of images upon each page load
<a href="#">Image Rotate</a>	Displays images from a pre-defined pool of images—continuously rotating
<a href="#">Interior Collage with Captions</a>	Displays images with caption
<a href="#">Interior Image Buttons</a>	Call to action buttons on interior page with default styling
<a href="#">Interior Page Spotlight</a>	Displays Title, Description, and Call to Action button text with an optional Thumbnail Image. Additionally, CMS Users have the ability to display multiple slides for website visitors to scroll through and engage.
<a href="#">Job Posts Box</a>	Limited listing of job posts—displays limited information but allow users to click through to a linked page displaying full information
<a href="#">Job Posts List</a>	Full list of job posts
<a href="#">Main Menu</a>	Displays mega menu
Member Login Bar	For Active Directory Only
<a href="#">News Box</a>	Limited listing of news items—displays limited information but allow users to click through to a linked page displaying full information
<a href="#">News List</a>	Full list of News items
<a href="#">News Tile</a>	News landing page displayed in a grid pattern with a prominent thumbnail image for each item.

WIDGET	DESCRIPTION
<a href="#">Online Polls Detail</a>	Used to display a specific poll on a page
<a href="#">Online Polls List</a>	Full list of online polls
<a href="#">Page Title</a>	Page title isn't displayed on a page unless this widget is on the page
<a href="#">Photo Album</a>	Used to display a specific photo album on a page
<a href="#">Photo Album List</a>	Full list of photo albums
<a href="#">RFP Posts Box</a>	Limited listing of RFP posts—displays limited information but allow users to click through to a linked page displaying full information
<a href="#">RFP Posts List</a>	Full list of RFP posts
<a href="#">RSS Feed List</a>	Full list of available RSS feeds
<a href="#">RSS Feed Viewer</a>	Used to display specific RSS feeds
<a href="#">Search</a>	Search bar
<a href="#">Service Directory Box</a>	Limited listing service directory items—displays limited information but allow users to click through to a linked page displaying full information
<a href="#">Service Directory List</a>	Full listing of the service directory
<a href="#">Service Request</a>	Used for all interactions with our Service Request component
<a href="#">Side Navigation Menu</a>	Shows the current page and parent, child, and sibling pages
<a href="#">Site Map</a>	Display sitemap of entire site
<a href="#">Staff Directory Box</a>	Limited listing staff directory items—displays limited information but allow users to click through to a linked page displaying full information
<a href="#">Staff Directory List</a>	Full listing of the staff directory

WIDGET	DESCRIPTION
<a href="#">Tabbed Widget</a>	Presents content organized under several horizontally-aligned tabs. Clicking on a given tab displays the associated content for the website user. The Tabbed Widget will allow CMS Users to easily add a large amount of content to a page without crowding the page or requiring site visitors to scroll through long blocks content.
<a href="#">Twitter Feed</a>	A live feed of twitter posts
Website Login Bar	Displays a login link for the extranet, not used very much because we usually put login links in custom content

## 10. Calendar Tile:

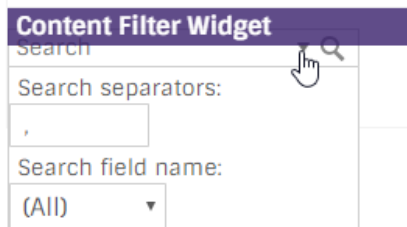

The screenshot shows a 'Calendar Tile' widget with a purple header. Below the header, there is a link 'Submit Your Event Online' and two dropdown menus for '(All Categories)' and '(All Departments)'. Navigation links include 'Today', 'Next 7 days', 'Next 30 days', 'All Upcoming', 'All Past', and 'All'. The main content area displays two event cards for 'Free Health Care Fair'. The first card is for 'MAY 04' from 9:00 AM to 4:00 PM. The second card is for 'JUN 08' from 11:00 AM to 1:00 PM. Both cards feature a photograph of a meeting.

## 11. Content Columns Widget:

The screenshot shows a 'Content Columns Widget' with a purple header. The widget is divided into two columns: 'News' and 'Meetings'. The 'News' column contains a bulleted list of three items: 'Sample Story 1', 'Sample Story 2', and 'Sample Story 3'. The 'Meetings' column contains a bulleted list of three items: 'Sample Event 1', 'Sample Event 2', and 'Sample Event 3'.

## 12. Content Filter Widget:

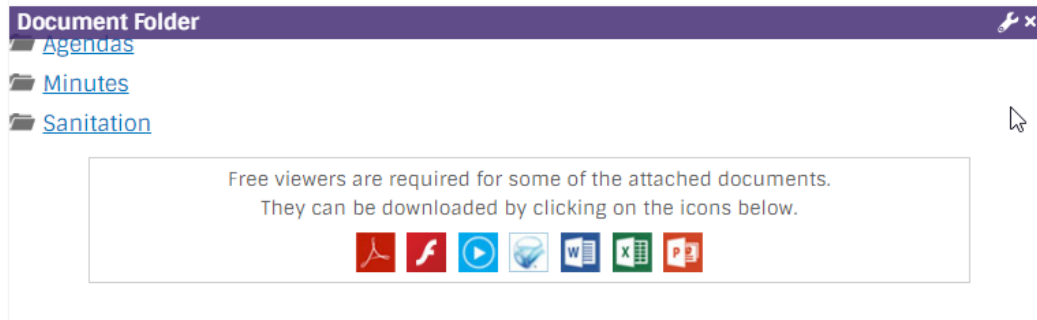

The screenshot shows a 'Content Filter Widget' with a purple header. It includes a search input field with a magnifying glass icon, a 'Search separators:' label with a text input field containing a comma, and a 'Search field name:' label with a dropdown menu currently set to '(All)'.

## 13. Custom Content:

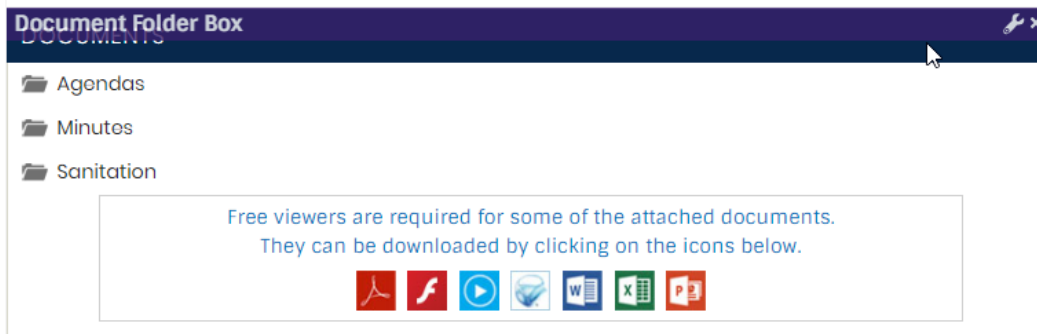

The screenshot shows a 'Testimonials' widget with a purple header. The main content area is light gray and contains a large quotation mark icon (‘ ’) on the left and a mouse cursor on the right.
